108th Stirling Fall Fair Draws Record Crowd; Termed Unqualified Success

Ideal Weather Conditions Plus Good Local Publicity Earns Credit for Success

Taking advantage of beautiful Fall weather, a record crowd attended the 108th annual Fall Fair sponsored by the Stirling Agricultural Society on Saturday. President Ivan Sarles and the directors had worked hard for months in their endeavour to improve the standard of the local Fair and their efforts culminated in producing one of the better Fairs of the district.

According to Fair officials, both the exhibits and attendance were up considerably over previous years, and a fine degree of excellence was evident in all departments.

Officials of the Stirling Agricultural Society said the weatherman plus advance publicity were responsible for the large turn-out at the 108th annual Fair this year.

The Fair was officially opened by Clarke T. Rollins, M.L.A., for Hastings, who paid tribute to the untiring effort of the Fair Board and assistance of the Chamber of Commerce. Chairman for the afternoon's programme was Ben Blecker. Mr. Rollins was introduced by County Clerk-Treasurer Carl E. Bateman, a former Reeve of this Village. Also bringing greetings was Lee Grills, M.P. for Hastings South.

Exhibits in Main Building

The main exhibit building had its array of produce of garden and field, home cooking that made the mouth water, and handicrafts ranging from large quilts to the smaller items of wearing apparel. The excellence of the farm and garden exhibits, as well as the fancy work, drew many fine compliments from the Fair patrons.

Rainbow Beauty Shoppe, operated by Mrs. L. Howard, showed a lovely assortment of hats and Fall fashions. Mrs. S. McIntosh, representative of Ron McAdoo Organs Kingston, had Hammond organs and Bell pianos on display. Mrs. Carol Haggerty, of Carol's Floral Studio, had on display a large array of attractive floral pieces in various shapes and sizes. C. H. Kilpatrick, Marmora, showed typewriters and office supplies.

Stirling Motors Limited had an excellent showing of their 1966 model cars. Doug. Morton demonstrated a Berg stable cleaner. Riverside Construction showed Patz Barn Equipment and dairy supplies.

The Deseronto Fire Department operated a bingo on the grounds.

There was an excellent horse show with both light and heavy horses being well filled as some of the best horse flesh in the Bay of Quinte area was on exhibition.

The show ring was a centre of attraction all afternoon with the horse and pony classes as well as the Stirling

ling 4-H Calf Club competition proving very popular.

Good Midway

The Robertson midway attractions were well patronized during the afternoon.

Halloway United Church Women served hot meals and lunches during the day. A Rawdon Junior Farmer booth and a Boy Scout also did a thriving business.

A Western style show, arranged by Jack McCaughen, was a popular feature of the afternoon. Music was provided by the Country Jewels. Many fine compliments were heard on the excellent programme.

4-H Clubs

Achievement Day

A big feature of the Fair was the part taken by Stirling district Junior Farmers and 4-H Club members. Achievement Days were held by Stirling 4-H Calf Club, Hastings 4-H Corn Club and South Hastings 4-H Potato Club.

To Be Congratulated

The Lady Directors of the Fair, under the leadership of the President Mrs. M. Clancy, are to be congratulated on the success of their portion of the Fair. They have worked tirelessly for the improvement of the floral, needlework, school and domestic science sections. Many congratulatory remarks were heard about the quality and the well-displayed exhibits.

FAIR WEEK SALES WELL RECEIVED HERE

Fair Week Sales, sponsored by the Business Section of the Stirling Chamber of Commerce last week proved very successful. Many merchants reported increased sales and seemed well satisfied. It was the general consensus of local and district citizens that a closer spirit of friendship resulted between merchant and customer.

Western Atmosphere Prevailed

The western village atmosphere prevailed throughout the week with many fine displays in store windows, which were varied and colourful.

Jake Parker, Sheriff, and Fred Bateman, Deputy Sheriff, patrolled the village and kept the "western village" citizens on the right side of the law.

A highlight of the antics this year was Don Foster, of Belleville, and his bevy of cowboys, who created much interest during the week by riding high, two-wheeled bicycles, driving miniature cars and staging arrests of merchants who failed to wear their cowboy hats while on the street. It became a familiar sight to see a local merchant being paraded down the street at "gun point" dressed in a convict's suit.

West Huntingdon Man Wins Pony

Free tickets were given out all week by merchants on a draw for a pony, which created much interest. Friday night a large crowd was in town for the draw and holder of the lucky ticket was W. J. Scott, West Huntingdon.

Lloyd King T.V. Winner

Lloyd King, of Harold, R.R. 2, held the lucky ticket on the portable television. This draw was held by the Chamber of Commerce, with proceeds (Continued on Page Five)

Two Youths Killed In Car Crash

Two Frankford youths were killed early Monday morning when the car in which they were travelling with three other passengers went out of control on Highway south of Stirling, careened off the road and struck a tree.

James William Turner, 17, and Lorne Donald Bates, both of Frankford, died from injuries suffered as they were thrown from the crashing vehicle.

The accident occurred three miles south of Stirling about 4.30 Monday morning.

The other three occupants of the car were taken to Belleville General Hospital by City Ambulance Service. They were the driver, 21-year-old Robert Spencer, of R.R. 4, Stirling, Donald McDonald, 18, of R.R. 4, Trenton, and 14-year-old Debbie Payne, of Frankford.

They are reported in good condition in hospital, recovering from minor cuts and abrasions.

The Belleville Detachment of the O.P.P. are continuing their investigation into the mishap.

Fair Week Events End With Colourful Parade Saturday Morning

Over Thirty Entries In The Parade — Prizes Were Awarded For Best Float

Fair Week events, sponsored by the Stirling Chamber of Commerce ended in a colourful parade on Saturday morning. It took over a half hour for the parade to pass a given point. Many fine compliments were paid by the spectators on the high calibre of the numerous floats and walking personnel. It reminded many of the fine parade held here during Stirling's Centennial celebrations in 1958.

Over thirty separate parade entries with oldtime cars, steam engine, floats, decorated cars, horses, beauty queens and bicycles combined to give the town a festive atmosphere. More than a thousand people were on hand to watch.

Judged best entry in the parade was the float, Old Woman In The Shoe, sponsored by Elaine Footwear, and winning the \$10.00 prize donated by Don Irish; Best walking personnel, Mrs. Edmund Fleming, winner of \$5.00 prize, donated by Ken Sine; Most unique horse, Miss Post, Belleville, winner of \$5.00 prize, donated by Teds Tack Shop.

The parade was led by the colour party of the Quinte Riding Club, followed by the Stirling Fire Engine and the Belleville Clown Band. Those who entered units in the parade were: McDonald's Esso Service, Belleville; Noble's Drugs, Belleville; Police Force with their Elmer Safety Car, Bank of Montreal, L'vesey's Red & White Food Market, Stirling Dairy, Crest Hardware, Stirling IGA Market.

The rooms were tastefully decorated with pink and white streamers and pink and white asters. As the bride arrived, she and her mother were presented with corsages.

THE GOOD OLD DOLLAR

It may come as a shock to Canadian workers who are under 40 but back before World War II an income of \$5,000 a year, a pay cheque of just under \$100 a week, was very much the exception. In 1939 in fact, the average factory worker put in 47 hours for a wage of \$20 a week. Today, in the manufacturing industry the average is 41 hours for a wage of \$90 a week. The \$5,000-a-year man is now almost the rule, rather than the exception.

Looking at these figures, it is obvious that we are much better off today. But a study made by the National Industrial Conference Board indicates that, because of taxation and inflation, the figures are quite misleading. The Board is a private economic research group headquartered in New York and the study dealt with U.S. statistics, but no doubt it would apply to Canada in principle.

The income tax takes so much more than in 1939 and inflation has reduced the purchasing power of the dollar that a U.S. worker has to earn \$13,234 a year to be as well off as the \$5,000 earner of 1939. The escalation is even more pronounced in the higher income brackets. In 1939 the \$25,000-a-year man who was married and had two children paid \$1,727 income tax. To have as much money to spend today, he has to have an income of \$76,416, because out of that sum the income tax takes \$22,562 and the effects of inflation will subtract another \$30,581.

As noted, these are American figures, but there is evidence that inflation and taxation have undermined workers' income to about the same extent in Canada. As a measure of how much less the dollar buys because of inflation there is the point that the consumer price index has risen from 63.5 in 1939 to 143.8 in June of this year, which means that the cost of living has gone up by about 125 per cent in the period. On the taxation side, the combined take of the three levels of government as a proportion of the country's total output of wealth has risen from less than 20 per cent in 1939 to more than 32 per cent today.

To consider income tax only, in 1939 the average amount remitted to Ottawa by those Canadians in the \$4,000 to \$5,000 taxable income bracket—who were relatively well off since their incomes were four to five times that of the average factory worker—was only \$71. Today the person with a taxable income of \$650 pays a tax of \$71. Those with a taxable income four to five times the average factory wage—that is, something like \$20,000 a year—pay an income tax to Ottawa of \$6,400.

Perhaps it is pointless to mourn the passing of the good old days, but the workingman might reasonably yearn for the good old dollar. — by C. J. Harris

Hydro Showtime At Local Theatre September 15th

GWYNETH A. REED

Electric appliance demonstrations come to life with the magic touch of Gwyneth Reed, one of Ontario Hydro's Home Economists.

Born in Peterborough, Miss Reed studied home economics at Kemptonville Agricultural School and later completed a course in commercial dietetics with a nationally known chain of department stores. Prior to joining Hydro in 1952, she was dietitian at Peterborough Y.W.C.A. She is a graduate of the Academy of Lighting Arts.

She regularly visits manufacturers to keep informed of the latest trends in the home appliance field.

Miss Reed is very well qualified to demonstrate the conveniences of modern electrical living to Ontario home makers. Outside her realm of business duties, Gwyn finds relaxation with her sewing machine and shows a flair for the original in dressmaking.

PAUL BERMAN

Saul Berman, Master of Ceremonies for Hydro Showtime, brings 12 years of Hydro experience to audiences across the province. He was born and educated in Ottawa and later moved to London where he joined Ontario Hydro.

He is a graduate of the Academy of Lighting Arts and successfully completed a course in Electric Heating, sponsored by the Electric Heating Association of Ontario.

Saul is married and has two young sons. He is an ardent sports fan and photography is his principal hobby.

The Berman showmanship with its interesting and amusing way of presenting the all-electric concept of living is a highlight on the Hydro Showtime program.

Hydro Showtime

Officers of the Belleville Detachment were kept busy herding cattle and horses from highways and locating the owners.

Two small boys from the Frankford area, clad only in pairs of pants, attempting to run away from home were found several miles from home by a Belleville Detachment officer and returned home.

Several complaints have come in about early duck hunters. This practice could be costly to hunters who hunt before the season opens.

Eight transients obtained lodging in the local cells during the week.

A quantity of anti-tetanus serum was relayed to Belleville General Hospital by Ontario Provincial Police officers after an emergency request was made by doctors from Belleville General Hospital.

Again, we would like to remind the motoring public that commencing September 1st, you must stop both ways when a school bus is stopped on a highway, discharging passengers.

MADOC DETACHMENT

During the past week, officers of the Madoc Detachment, Ontario Pro-

vincial Police investigated 12 traffic accidents; four accidents involved personal injuries, with 6 people injured, fortunately, how ever, no one seriously.

Detachment officers investigated a total of 23 occurrences, including 3 of theft, 2 reports of breaking and entering and 4 disturbances. On August 25th, approximately 2000 ft. of heavy copper wire was discovered missing from a storage shed at the Marmoraton Mines, at Marmorata. However, all the wire was recovered, found cut into 100-ft. lengths, coiled up and left laying in the woods near the mine.

A total of 58 vehicles were checked during the week; 27 drivers were warned for violating traffic laws. Two motorists involved in accidents were charged.

Officers spent a total of 14 man hours in Court where 15 convictions were obtained, 5 for liquor, 6 for traffic and 4 for criminal offences.

A total of 480 man hours were logged with 4409 miles driven on detachment roads.

Presentation To Mr. and Mrs. Bill Conley

On Friday evening, August 26th, a large number of neighbours and friends in the River Valley community tendered the newlyweds, Mr. and Mrs. Bill Conley, a presentation party in the school house.

Mr. Ed. Kent was master of ceremonies and spoke briefly. Mrs. Sheldon McIntosh and Mrs. Philip Conley conducted the assembly singing.

Humorous readings were given by Mrs. Ernest Carr, Mrs. Percy MacMullen, Miss Jane Bush and Mrs. Roy Tucker.

The orchestra, composed of Kenneth Morrow, Ernest Rosebush and Norman Rosebush with Mrs. Conley at the piano, rendered several musical selections.

Bill and Isobel were given seats of honour and Glenn Morrow read an address on behalf of the charivari

gang and Glenn Brooks made the presentation of a wall mirror.

Mrs. Kenneth Morrow read a second address on behalf of the River Valley community and other friends and Messrs. John Kane, Jack Sager and Ernest Carr presented the newlyweds with a five-piece bridge set, matching smoker, plaques and magazine rack.

Bill and Isobel voiced appreciation for the party and gifts and invited the group to visit them in their new home at Bayside. Refreshments served and a social half hour enjoyed.

The guests from a distance in attendance were: Cpl. and Mrs. Ronald Wannamaker and daughter, Brigitte, on holiday from Germany; Mr. and Mrs. Tom Rosebush, of Matier, Ont.; Mr. and Mrs. Frank Roberts, Hamilton, and Miss Evelyn Massey, Oshawa.

Street**Jamboree Staged**

Prior to the draws, a street jamboree at the centre bridge was staged. It created much fun and such a large crowd was in attendance that it was necessary to block Mill Street off. The electric power and the parking lot was graciously supplied

Jake Parker, master of ceremonies; Homer Derocher, John de Vries, Dave Wood, Jack McCaughen, Wayne McCaughen, Bob Taylor, Stewart McCaughen, Chas. Mayell, Duncan Towell, Jill West, Karen Lawes and Jean Edgar, all of Stirling; Wayne Cummings, John Reid, Tom Kovach and Floyd Woodcox, all of Holloway; Ken Stapley and sons, Belleville.

On Saturday afternoon, August 20th, at 1:30 p.m., a very pretty wedding was solemnized in Grace Chapel, Stirling when Kathleen Anne Reid, Campbellford, R.R. 2, only daughter of Mr. and Mrs. Percy M. Reid, was united in marriage to Donald Ross Pettey, of Niagara Falls, son of Mr. and Mrs. Ray G. Pettey, of Campbellford. Mr. W. E. Belch, of Belleville, was the officiating clergyman for the double-ring ceremony. Dwight Bennett, of Toronto, officiated at the Hammond organ before and during the ceremony and accompanied the soloist, Mrs. Nick Unitt, of Barrie, who sang before and during the ceremony and during the signing of the register.

The bride was given in marriage by her father and was lovely in her floor-length wedding gown of white

Kingston, and Mrs. John Vice, of Odessa, were gowned similarly to the matron-of-honour in avocado green with white lace bodices and wedding-ring headbands and shoes in matching green. They also carried bouquets of hurricane yellow 'mums.

Kathy Reid, of Stirling, cousin of the bride, was a demure little flower girl and was sweet in a floor-length gown of yellow peau de sole with fitted bodice, accented by yellow velvet ribbon and yellow headband. She carried a nosegay of yellow 'mums.

The groomsmen were Bill Cook, of Scarborough; The ushers were John Vice, of Odessa; Ted Reid, brother of the bride, Rylstone; and Nick Unitt, of Barrie.

The reception was held in the I.O.O.F. Hall, Stirling. The bride's mother, Mrs. Percy M. Reid, received the guests dressed in an ivory silk knit, 2-piece suit with mint green and brown accessories, with corsage of bronze Cymbidium orchids. She was assisted in the receiving line by the groom's mother, Mrs. Ray G. Pettey, gowned in a 2-piece chantilly lace dress, over taffeta, in jewel blue with matching hat and navy accessories. Her corsage was of ivory Cymbidium orchids.

They left on their honeymoon to Cape Cod and Eastern States, the bride attired in a coral silk shantise dress and skimmer A-line coat, accented by brown accessories and a corsage of green Cymbidium orchids.

On their return, they will take up residence at 2521 Drummond Road, Niagara Falls, Ont., where the groom is in the Civil Engineering, Dept. of Highways, and the bride will teach on the staff of Niagara Falls Collegiate Vocational Institute.

Guests were present from Kingston, Stirling, Campbellford, Belleville, Woodstock, Detroit, Norwood, Havelock, Barrie, Bancroft, Frankford and Madoc.

Prior to her marriage, Anne was entertained at an afternoon tea and presentation on behalf of the staff of Kingston Collegiate Vocational Institute; a buffet supper and presentation, given by the K.C.V.I. school teams and girls' athletic association; at the home of Miss Ann Milliken, Kingston; and a miscellaneous shower at the home of Carol Heath, Rylstone.

mer blooms and plants, attractively arranged in separate groups.

Products of farm and garden, including a variety of fruits, vegetables, grains and seeds, were also on display.

Ladies' Work

The ladies' work section was by far the largest exhibit, with the domestic science section running second in a number of individual items.

Lovely examples of clever and imaginative needlecraft were on display. Included in this division were ladies', men's and children's wear, a thrift division, and home craft sections, featuring quilts, rugs, cushions, crocheted tablecloths, dollies, embroidered and outwork pillow cases, apron and towel sets, stuffed animals and pictures.

A public address system, set up on the grounds and operated by F. DeCarroll Campbellford, gave splendid service and carried the announcements of events to all parts of the grounds.

Cheese Show

There was a large commercial cheese exhibit with district makers displaying cheese. Glenn Anderson won the Sweepstake for the highest aggregate score in all classes.

School Section

It was in the agricultural building that the work of the junior department stood out. In addition there were the regular public school classes in drawing, writing and other school work. This exhibit attracted a great deal of attention and doubtless will continue to be a regular feature of the Fair.

Dance in Fair Building

The programme was climaxed by a dance in the Fair Building at night. A large crowd was in attendance and thoroughly enjoyed themselves to oldtime music by The Country Jewels and rock and roll music by Little Dee and the Capitals.

During the afternoon and evening, dinner music was provided by Mrs. Percy Charlesworth, Smithfield, and her granddaughters, Tina Marie and Edith Ann Charlesworth, Trenton. Mrs. Charlesworth, the former Edith Pitcher, of Frankford, was the musician at the wedding fifty years ago and her closing number was "Lohengrin's Wedding March". She was the only member of the 1916 wedding party in attendance at the anniversary and she is now 82 years of age. Others who provided piano music were Mrs. Mac Sharp and Mrs. Harry Morrow. The soloists were Mrs. Marguerite McMullen, Mount Pleasant; Mrs. Walter Warren, Belleville, and Mrs. Percy Hubble, Stockdale.

Over three hundred greeting cards were displayed and included messages from Gov. Gen. and Madame Vanier, Lester B. Pearson, John Diefenbaker, Rod Webb and a framed plaque from the Province of Ontario.

Percy Delbert MacMullen and Florence May Montgomery were married Wednesday, September 6th, 1916, at Sunnymead Farm, Pump Street, Mount Pleasant.

Their attendants were the groom's sister, the late Myrtle MacMullen, and the bride's brother, the late J. A. Montgomery. The ceremony was performed on the lawn by the Rev. B. F. Byers, Stirling, assisted by the late Rev. John Knox, Frankford, and both were family friends of long standing. The guests numbered 260 and a tent was rented from the Turney Company, Peterborough, for the occasion. The majority of the guests travelled via horse and buggy and the boys of the neighbourhood were in charge of tying the horses to a rail fence in the lane. Only a few cars were in evidence. LEND A HAND TO ARENA RENOVATION

During the past week, work parties have completely demolished the east end canteen area of the arena. Volunteer workers have done a great deal of work and more help is needed during the next few weeks, as work proceeds on the construction of a new canteen and seating area.

The Arena Committee invites the help of all interested sportsmen in the area. Work bees are planned for every evening during the coming week, starting at 7 p.m. Plans also call for a special work party to assemble at the arena this coming Saturday morning. Every additional person who turns out means not only faster progress, but less cost to the arena. Your contribution of a few hours free labour means a great deal in both time and money. Won't you help?

We would like to remind motorists of the new school bus law — You must stop both ways for a school bus when the lights are flashing.

MADOC DETACHMENT

One person was injured in the one injury accident occurring in the Madoc detachment area during the last week.

On Saturday, September 3, Stuart Whetung, Peterborough, was treated for a laceration to his chin. The vehicle he was operating left No. 7 highway east of the Deloro turn and crashed through several guide posts and down an embankment.

On Thursday, September 1st, a Capitol City transport, driven by Wilfred York, Toronto, left No. 7 highway while attempting to miss a deer which jumped onto the highway. Damage to the transport was estimated at \$10,000.00. Extent of cargo loss is still known.

All other accidents were of a minor nature.

Thirty-eight occurrences were investigated, including 4 thefts, 2 break and entering and 7 disturbances, \$510.00 worth of goods were stolen.

Two requests for assistance were received; one was a request to advise a vacationing father that his son had been injured in a motor vehicle accident in Belleville. The other was a missing person to locate. This person, a juvenile girl, was from northern Ontario and believed in Madoc.

4865 miles of roads were patrolled during 535 working hours.

Bateman Family Holds Reunion

The 1966 family picnic of Bateman's and their descendants was held on August 21st at Glen Allan Park. The attendance was smaller, seventy-five enjoying the dinner, with several coming for the afternoon.

President Murney Bateman opened the business meeting, observing a minute's silence for deceased members, Tom Hogle and Chas. Hyde, who passed away during the year.

The secretary's report was read by Helen Melklejohn. The treasurer's report was read and in the absence of Mrs. Henry Bateman, the Scholarship Fund report was given by the secretary, showing a balance of \$36.39. Collection was gathered, totalling \$24.25. Discussion followed on the matter of advertising the picnic for 1967. It was decided 1967 being Centennial Year, that the picnic must be bigger and better and that notices to notify the members would be sent as this year.

The following prizes were given out: The family travelling greatest distance, Mr. and Mrs. McCleery, of Kars, Ont. Mrs. McCleery recently arriving from Ireland, informed the gathering that she would attempt to gain more information on the Bateman family descendants living in Ireland. The youngest child present was Shelly Lynn Danford.

Mrs. Hiram Mumby as historian thanked the following people for their contributions to the family history: The Easton sisters, Edna Tanner and Mrs. Ken Bateman.

Much interest was shown in choosing a motto for Centennial Year. The following was chosen—"Come alive! We're in the Bateman generation!"

Mrs. Hiram Mumby, in the absence of Mrs. Henry Bateman, accepted contributions to the scholarship fund for 1966. It was decided to give \$100 scholarship this year, if an application had been received meeting qualifications set by the chairman.

The family discussed the crest to be used by the family and this was left to the Committee. Each branch of the family for 1966 is asked to submit a song set to some well-known tune, with verses pertaining to family history. A prize is to be given for the one chosen by a committee and used for next year.

Officers for 1967:

Mrs. Bryon Seeley gave a reading, "The Humblest May Give", based on the 17th chapter of The Word and Way, "The Church and the World". The Church is to be in the world but not of the world, with its mission to win people for Christ. If we are to carry out our mission, we must concern ourselves with education, teaching and social welfare. The church has now grown in many countries and we should no longer think of these as missions, but rather as younger churches. Now, we must think in terms of a World Church.

A contest on "Tell-tale phrases in the Bible that have contributed to our everyday speech", was conducted by Mrs. John Carlisle.

Mrs. Cox closed the meeting with prayer. The hostess and her assistants served lunch.

In Memoriam

CARR — In loving memory of a dear mother, Ada H. Carr, who passed away September 18th, 1964.

What we would give if we could say, "Hello, Mum", in the same old way, To hear her voice, see her smile, To sit with her and chat a while, So you who have a Mother, Cherish her with care.
For you'll never know the heartache Till you see her empty chair.

— Sadly missed by daughter, Leah, son-in-law, Les, and grandchildren Robin, Carol and Gerald. 37-1

CARR — In loving memory of my parents, Mr. and Mrs. Philip Carr, who died February 19, 1961 and September 18, 1964.

Fast as the rolling seasons bring
The hour of fate to those we love,
Each pearl that leaves the broken string
Is set in Friendship's crown above.

As narrower grows the earthly chain,
The circle widens in the sky.
These are our treasures that remain
But those are stars that beam on high.

— Sadly missed by Pearl, Elick and family. 37-1p

Freedom

(By C. S. Ramaswamy)

Just in front of the tiger's cage, hung that parrot's cage. The engaged tiger was engrossed in some deep thoughts and its eyes were half open. It was disturbed by the shriek of the parrot which was fluttering its wings in glee and slowly opened its eyes to look around. Within that small cage painted in golden yellow, was that parrot, swinging hither and thither in a rapturous mood.

The tiger became wild. "So very happy even while you are in the cage . . . Shame! . . . Shame!" shouted the tiger with deep disgust.

But the parrot only laughed at the folly of the tiger. "Encaged! That's right as far as you are concerned. But understand that my cage is different. I'm only protected here, mischievously replied the parrot.

Amazed at this unexpected reply, the tiger quipped the parrot with a sarcastic smile, "Protection? — Against what? Against whom?"

Replied the parrot, "That's right. This protection is just to save me from the fatal hands of cats and dogs which belong to your clan."

"Well! I am a source of real danger to men. Hence, they lock me up in this cage and move about freely. But in your case, it is only the cats and the dogs which constantly threaten your life. I really can't understand why men should allow these animals to move about freely and keep you instead in the cage," shouted the tiger, trying hard to control its laughter.

The profound knowledge of the parrot could not come to its rescue now. It was lost in deep thought for a long time and finally said, in a low, depressing tone, "True! I can't really understand the reason behind this anomaly."

Now spoke the tiger, majestically, "Look here! The cats and the dogs are disgraceful animals which cringe before men and fan their vanity for their livelihood. But you and I do not belong to that category. You are

used to soaring high in the vast blue sky above. I am used to wandering happily in the dark, deep woods. The spirit of independence is some thing which is ingrained in our blood. Even this moment, if they are going to set me free, I know how I should deal with these guys. It is the same with you, too. You will flutter your wings and soar high into the deep blue sky. Once we do that it will no longer be possible for these fellows to make us dance to their tunes and exploit all our talents to earn them a disgraceful livelihood. That's precisely why they give us so much protection."

The parrot heard in rapt attention all that the tiger said, but did not say anything in reply.

That day's circus show was going on with the usual pomp and fanfare. The next item on the programme was the display of the parrot's skill. The bell rang . . . the circus band played some catchy, popular tune. The cage was opened and the parrot came out. Instead of flying around the circus arena once, and then perching on its special stand, it flew upwards. For the first time, it disobeyed its trainer. The restless audience and the dismayed trainer bore testimony to its buoyant spirits, as it soared higher and higher into the cloudless sky.

The tiger, which was walking up and down in its iron cage, was the least perturbed. It swished its tail, screamed and walked up and down with an air of pride. At long last, it had succeeded in kindling the spark of freedom in the tiny heart of that innocent parrot!

WESTERN GAMES
WELL PATRONIZED

The newest feature at the Stirling Fall Fair, the Western Games, was an outstanding success. This is the second time such an event has ever been held in this area and Fair Board officials were high in their praises over interest shown in these games by the Fair patrons. All afternoon, the large ring erected in the centre of the grounds was surrounded by spectators and proved to be one of the highlights of the day.

The success of this new event is largely due to Ted Cairns, of Ted's Tack Shop, for his untiring efforts in arranging these games.

Rides were represented from Oshawa, Whitby, Kingston, Foxboro, Ida, Stirling, Tweed, Belleville, Napanee, Crying Place, Frankford, Trenton, Brighton, Marmora, Prescott, Peterborough, Madoc, Lisbon, N.Y., Milford, Winthrop, N.Y., Massena, N.Y., Norwood, Perth, Cannifton, Lyndhurst, Picton, Templeton, Que., Bell's Corners, Taunton, Que.

ALLAN BAKER and SON

David took 17 years of love from his parents, first class honours from his school and \$8,000 from your pockets.

Then he left.

David left for good.

Brilliant high school student dies in car crash said the headline. All that love, all that brilliance, all that money; all gone for nothing.

Automobile accidents kill more young Canadians than anything. More than disease; more than all other accidents put together.

It costs some \$8,000 in tax money just to prepare a student for university. A thorough high school driver training program costs \$40 per student, and takes 50 hours of instruction. Small costs against the losses.

The automobile insurance industry promotes young driver training. Bursaries, text books and free instruction are given to high school teachers. They in turn teach the students.

The industry also awards cash discounts on auto insurance premiums to students who pass the course.

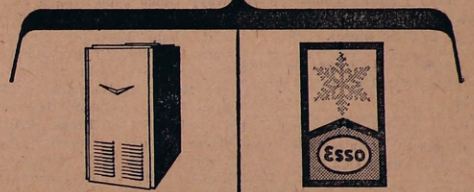

Driver training isn't a frill. School boards with experience know it's a proven method of reducing accidents. Urge and back high school driver training in your community.

Keep the Davids with us.

MR. AND MRS. PAUL FREDERICK JEFFS
JEFFS -- McADAM WEDDING

Mount Pleasant United Church was the scene on August 27, 1966, at 2:00 p.m., of the marriage of Helen Sally, daughter of Mr. and Mrs. William R. McAdam, R.R. 3, Stirling, and Paul Frederick Jeffs, son of Mr. and Mrs. William Jeffs, R.R. 3, Stirling. Rev. W. C. Cox was the officiating clergyman. Mrs. Mac Sharp played the wedding music and Mrs. W. C. Cox was soloist.

The bride, given in marriage by her father, wore an Empire-styled gown with bodice and hip-point sleeves of banlon lace and sheath skirt of Paloma, imported from India. The scoop neckline was outlined with sequins and a banlon lace train extended at the skirt back. Her shoulder-length tulle veil was caught up with a gardenia headdress and she carried a white Bible crested with pink roses and white baby 'mums.

Miss Nancy Tompkins was maid of honours, dressed in a floor-length gown of pink rose crepe with Empire waistline, Alencon lace bodice, elbow-length bouffant sleeves and sheath skirt. She carried a bouquet of pink and white 'mums. The bridesmaids wore gowns of the same style as the maid of honour. Miss Maria Heasman was dressed in Wedgewood blue and carried blue and white 'mums. Miss Judith McAdam, the bride's sister, wore pumpkin and carried pumpkin-coloured and white 'mums.

Miss Jillian McAdam, also a sister of the bride, wore sea green and carried green-tinted and white 'mums. The bride's cousin, Miss Sharon Waters, was flower girl. She wore a long white gown of crepe, fashioned similarly to those of the other attendants, and accented with a blue sash. Her flowers were blue and white 'mums.

Mr. Howard Jeffs was his brother's attendant and the ushers were Mr. Douglas Potts, Mr. David Potts and Mr. Jack Wright. Scott Waters, the bride's cousin, was ring-bearer.

At the reception, held in the church hall, the bride's mother received the guests, dressed in an aqua crepe gown with lace bodice, taupe and beige accessories and a corsage of pink roses and white baby 'mums. To assist, the bridegroom's mother wore a royal blue crepe dress with royal blue and beige accessories and a corsage of pink roses and white baby 'mums.

For her wedding trip to eastern points, the bride chose a light blue heather-toned knit suit with brown, taupe and beige accessories and a corsage of pink roses and white baby 'mums.

On their return, the couple will live at R.R. 2, Stirling.

Stirling Fair Board Makes Plans to Level Ground For Cattle Ring

Beef Barbeque Planned By Directors For Next Spring — Various Reports Given

A well-attended meeting of the Stirling Agricultural Society (Fair Board) was held in the Board Room of the Ontario Department of Agriculture on Tuesday evening of last week. The meeting was chaired by President Ivan Sarles.

Treasurer Maurice Clancy presented a financial statement on the Fair, which showed good receipts up considerably over recent years.

To Erect Cattle Ring

A discussion took place in regards to giving more prominence to the various cattle classes at the Fair. It was suggested that an area be bulldozed south of the main building in preparation to making a ring for the showing of cattle. It was also recommended that an increase be made in the prize money in all the cattle classes and that ribbons be awarded to the winners. Doug. Dettlor's name was suggested as an additional director to the cattle section.

George Sutherland and Doug. Dettlor were appointed to look after obtaining a bulldozer to level the ground in preparation for a cattle ring.

Horse Section

George Sutherland reported for the Horse Section. He noted that everyone seemed satisfied with the revisions made this year. His only suggestion was that more help was needed in this section.

Ben Blecker, master of ceremonies for the programme, recommended that additional prizes be provided for the musical chairs and potato race.

To Hold Beef Barbeque In Spring

The possibility of holding a beef barbeque was discussed. It was the opinion of the Directors that it was too late this season to hold such an event. A committee of Jack McCaughen, Glenn Bush, George Sutherland and Ivan Sarles was appointed to plan a beef barbeque for the Spring of 1967.

Secretary Ray Shortt was instructed to write a letter to Alan McDonnell, thanking him for the use of his field, west of the Fair Grounds. This area was used for the large overflow of cars that could not be parked on the Fair Grounds.

It was the general consensus that this was the best Fair held in Stirling in a number of years. President Sarles thanked all for their help and co-operation.

Denton Burkitt Transferred

Mr. Denton Burkitt, of the Toronto-Dominion Bank staff, Newmarket, has been transferred to the Kingston Branch, Division and Princess Sts., as accountant. His duties commenced Monday, September 19th. His many friends wish him every success.

Chicken Barbecue Successful

The annual chicken barbecue, sponsored by Stirling Encampment No. 89, I.O.O.F., in the Odd Fellows' Hall, Charlotte Street, on Thursday evening, September 15th, proved a decided success.

Over three hundred halves of chicken, cooked over glowing charcoal, formed the main portion of the meal. There were also good things such as escalloped potatoes, potato salad, tossed salad, buttered buns, pickles, sliced tomatoes, coffee, tea, freshie and a variety of pie and cheese.

Many fine compliments have been heard on the excellence of the cuisine and the service. Chief Patriarch Clifford Heagle and his assistants are to be congratulated on the success attending their efforts.

At McMaster

Miss Patricia Mallory, daughter of Mr. and Mrs. Ray Mallory, Front St. W., left on Thursday. She is enrolled in her second year at University College, McMaster University.

Juveniles Lose To Mildmay

Stirling bowed out of the All Ontario Juvenile "C" Softball semi-finals at the local diamond on Saturday night. The final score was 4 to 2 in favour of Mildmay. Stirling also lost the first game of the best two-of-three series, 7 to 1, the previous Saturday.

Engagement

Mr. and Mrs. Lorne White, of Pickering, Ontario, wish to announce the engagement of their daughter, Lynda Marie, to Mr. Bernard Edwin Beckett, son of Mr. and Mrs. Frederick Beckett, of Harold, Ontario. The marriage is to take place on October 22nd, 1966, in Pickering United Church.

Begin Construction At Arena

During the past two weeks, Arena work parties have completed the job of tearing down the old canteen at the rink. Now, it's a call to arms for all able-bodied men — and hockey players. Hammers and saws are the order of the day as new construction begins.

Only six short weeks remain until ice-making operations are scheduled to start. The job can be done if enough help turns out. Work begins will be held every evening, starting at 7.00 p.m. and also on Saturday morning. From here on, it's new construction. Bring a saw and hammer — it's a community arena and it needs community help! See you at the rink!

Library Off To Busy Season

The Library is off in a busy Fall season and a new age-group is swelling the membership. The pre-school and Grade I child is discovering the pleasure of books and new readers of this age are increasing in number. There is a shelf of books just for them, but although there are about thirty story books and more on order, the shelf is barely adequate. The little readers used to start at Grade II and up, and there are many story books for them, but the youngest readers, very many from the country are a new, if enthusiastic trend, and the collection will certainly be built up with their needs in mind.

There are some new books in for the young teens and they are being well received.

A list of titles will be in your local paper next week.

Film Council In Operation

The Stirling Film Council is now almost ready to function. The films, projector and screen are here; the projectionists have yet to be trained and meetings for this are now being set up. Some of the organizations, if not most of them, already have people who have used projectors before, and their memberships can become effective immediately.

Letters have gone out this week to many organizations with information concerning this new service to the community.

Truck Crashes Into Bridge

An accident at the four corners in Stirling at 12.30 a.m. Monday morning caused several thousand dollars damage to a truck, the Centre bridge on No. 14 Highway and the Stirling Creameries plant.

A transport truck loaded with mid-way amusement rides and motors, enroute from Shawville, Que., to Picton, and driven by Ralph W. Hazelton, of Toronto, was southbound from No. 33 Highway when its brakes failed, according to the driver. Mr. Hazelton tried to get his heavily-loaded transport around the sharp turn, but

as he swerved the rear axle broke. The truck glanced off the Creamery building and the Rawdon Creek bridge railing. Two plate glass windows were broken at the Creamery. The truck's load was strewn over a wide area, with some of the pieces ending up in the creek bed. Other passengers in the cab were Andre Dechamps, of Vancouver, B.C., and the driver's wife, Mrs. Hazelton. The vehicle was owned by the Peter March Midway, Whitty. The accident was investigated by Police Chief C. E. Hicks.

This is less than six miles from Stirling. No doubt the dry weather of the past few months has driven them South, in search of food.

"ABOVE AND BEYOND THE CALL OF DUTY"

Every once in a while you'll hear someone say "Why would anyone want to be a steeplejack?" Or they might say it about a policeman or a miner or a fire fighter. People who ask questions like this can't understand what makes some men undertake dangerous and unpleasant jobs.

Nevertheless there always seems to be someone to do such jobs — and high rates of pay aren't the incentive, by any means. Perhaps the incentive comes from the challenge that such jobs offer. They are not easy. No one forces you to become a steeplejack or a miner or a policeman or a fire fighter. Men who take on these jobs are volunteers — like soldiers who come forward and offer to take part in a dangerous mission.

Basically these men are men with pride. Pride in their ability to tackle the tougher jobs. Knowing that they can do it is part of the reward. They are dependable. They are good people to have around.

It's only natural that we should find such men doing other tasks above and beyond the call of duty.

Take the fire fighter for example. There are about 40,000 of them in Canada, both professional and volunteer. Many of them spend large amounts of their spare time trying to help the unfortunate children who are victims of muscular dystrophy. The way they go about this is to raise money by means of benefit sporting events, by house-to-house canvasses, and by numerous other methods. They don't do this casually. They are well organized. In fact, their international union has pledged itself to the support of MD research until the disease is vanquished. To date the fire fighters of this country have raised upwards of a million and a half dollars for medical research. Scores of teams of research scientists in every major medical research centre and university in Canada have been put to work by this money — advancing the frontiers of knowledge and bringing close the day when some real hope can be given to the victims of this relentless disease.

Research into muscular dystrophy is not the easiest kind of research. There may be none more difficult. The cause of the disease and the means of controlling it have been eluding the best medical brains for decades. If any task were to be called a challenge, this is it.

It's no wonder then that the chief allies of the research scientists are the fire fighters. This is their kind of job. Very tough; very demanding.

So if one day a fire fighter happens to call at your house asking you to help with the battle against muscular dystrophy, just take a good look at him and you'll see a man who's busy with his own job but can still find time to help his fellow citizens.

WHO ELSE ?

We're an even younger country than we think, reports the Dominion Bureau of Statistics.

One of every three people in Canada today — which means more than six and a half millions — is under 15 years of age, notes DBS, coming up with what must surely be the most startling statistic of the month.

Clarke T. Rollins P.C. Candidate For Hastings Riding

Clarke T. Rollins, M.P.P., Hastings East, was unanimously nominated to contest the new Hastings Riding for the Progressive Conservatives in the next provincial election Wednesday night at the new riding's first convention attended by a capacity crowd of about 400 persons at the Madoc Armories.

CLARKE T. ROLLINS

The nomination of Mr. Rollins came as no surprise. He has been member for Hastings East since 1959. When Hastings P.C. President, Ken Smith, called for written nominations from the floor, 56 were received, all for Mr. Rollins.

The Honorable J. W. Spooner, Minister Ontario Department of Municipal Affairs, was guest speaker and told reporters that he doesn't expect Premier Robarts to call a Provincial general election until the fall of 1967.

The new riding of Hastings replaces Hastings East under the redistribution of provincial ridings. It includes all of Hastings County except Belleville, Trenton, Frankford and Sidney Township.

Mr. Spooner was one of two Ontario cabinet ministers on hand. The other was Hon. John Richard Simons, Minister of Energy and Resources Management.

Mr. Rollins thanked the delegates for his nomination and promised he would do his best to win the riding

in the next election.

"I hope the people in Belleville and Trenton don't think of me now as the Hastings candidate. I am still your representative, and will continue to work for you in every way I can."

He said he had been criticized by some people for never having made a speech in the House, but he pointed out he has made his views heard in the caucus and on several committees. He was a member of six of the 11 committees in the last session.

He was described by Mr. Spooner as "one of the busiest members in the Government. Not only in the sessions, but on the committees and with his constituents."

Among those to congratulate Mr. Rollins was Lee Grills, M.P. Hastings South. He promised Clarke he would do whatever he could to help him and his riding in the future.

Bethel UCW

The members of Bethel U.C.W. met on Thursday afternoon, September 8th at the home of Mrs. H. Elliott. The President, Mrs. D. Heath, opened the meeting by reading the story of "The African Boy Who Didn't Run Away". This was followed by the theme hymn and the Prayer of Confession.

Mrs. Wm. Heath led in the worship service. The theme for meditation was Psalm 23, "The Lord is My Shepherd". The hymns, "The King of Love My Shepherd is" and "Saviour, Like a Shepherd Lead Us", were sung, with Mrs. H. Elliott as

pianist.

Mrs. D. Heath took charge of the business session. Twelve members answered the roll call with the name of a missionary hymn. The collection was received and dedicated. The next meeting will be at the home of Mrs. H. Heath on October 20th.

Mrs. F. Reid was convener of a missionary program. The hymn "Christ for the World" was sung, followed by prayer by Mrs. O. Lightie.

Mrs. Reid gave a very interesting talk on the life and work of the late Rev. Swanson. He was a Baptist minister and later went to the mission field in Korea. Through his work many "Compassionate Homes" were founded for the care of Korean orphans. Pictures and letters were shown from a Korean boy, Yum Kun Sup, who was adopted through the Foster Parents Plan, by friends.

Mrs. Cox sang a solo with the members joining in on the chorus. The meeting closed with prayer by Mrs. Reid.

A social half hour was enjoyed. Mrs. Kellar moved a vote of thanks.

The meeting of the O.F.U., Local 171, was held at the home of Mr. and Mrs. Harper Bateman with a good attendance. The meeting opened with the singing of the Queen.

Much business had to be discussed, such as the Convention which is to be held in November at Belleville.

Mrs. George Williams gave a good report of the meeting in Ottawa with Mr. Stewart and many other members and it concerned milk subsidies, butter and cheese. Mr. Stewart remarked: "I'm going to do something for the farmers. Farmers aren't getting enough for their produce."

Mrs. Morton Reid told about speaking to Mr. Huffman concerning the cheese loss to local factories recently. Much discussion followed.

The next meeting is to be held October 11th, at the home of Mr. and Mrs. Murney Bateman.

Balling Drum Turns The Trick

A view into one of the five parallel balling drums at the Eveleth Taconite Company's facility reveals the tumbling action of the 30-foot long rotating cylinder. Upgraded iron concentrate rolls into wet, marble-sized balls containing more than 63 per cent iron. The drum is part of sized balls containing more than 63 per cent iron. The drum is part of the "Grate-Kin" system manufactured by Allis-Chalmers for the pellets. The "Grate-Kin" system is a new 1.6 million-ton-per-year taconite refining complex plant in a new 1.6 million-ton-per-year taconite refining complex, jointly owned by the Ford Motor Co. and Oglebay Norton Co. was recently dedicated. Mr. and Mrs. Irvine Eggleton Married Fifty Years

A double celebration last week marked the 50th wedding anniversary for Mr. and Mrs. Irvine Eggleton, of 285 William Street, Belleville.

Sunday, September 11th, the couple were "at home" to more than 100 close friends and relatives, while on Tuesday evening, September 13th, approximately 20 people attended a family dinner at St. Andrew's Presbyterian Church, Belleville.

Among the many congratulatory messages and gifts received were good wishes from Hon. John Diefenbaker, Lee Grills, MP for Hastings South, and W. E. Sandercock MLA for Hastings West. The couple also received a scroll from Provincial Secretary John Yaremko.

Natives of the Stirling area, Mr. and Mrs. Eggleton have lived in Belleville since 1942 when Mr. Eggleton became maintenance carpenter at Stewart Warner. Mrs. Eggleton is the former Alotha Narrie. The couple were married at the Presbyterian Manse at Stirling and took a wedding trip to Toronto.

A carpenter for almost the past 60 years, Mr. Eggleton can point to dozens of barns in the South Hastings area built by himself and his brothers.

"But the depression of the 1930's killed the barn building, so I came to Belleville to be maintenance carpenter at Stewart Warner," he says.

Keeps Hand In

Retired from the Belleville firm for about eight years, Mr. Eggleton still keeps his hand in as carpenter and next week will commence repair of

a hunting camp in the Millbridge area.

He is a life member of Stirling Lodge, A.F. and A.M., and past first principal of Keystone Chapter at Stirling. He is also a past master of Benjamin L.O.L. Lodge, at Belleville.

One of ten children, Mr. Eggleton has two brothers, Roy and Hector, living at Stirling, and three sisters in Belleville. Mrs. Eggleton has two sisters.

The couple have one daughter, Mrs. Jack Moore, and two sons, Leslie and Glenn, all of Belleville. There are five grandchildren and one great-grandchild.

Defensive Working For Safe Farming

On the highway, the modern trend is defensive driving — anticipating hazards and knowing how to avoid them. The National Safety League of Canada recommends "defensive farming" — knowing where the hazards are in farm work, then planning to work around them.

Hazards are numerous on the farm, says NSL. With thought, the farmer can anticipate them and plan his methods for safety. Short cuts in farm work have resulted in arms and legs being slashed off, blindness, broken skulls and crushed ribs. "The farmer who refuses a short cut when danger is there is the wise one," said C. E. Carson, president of the League.

Mr. Carson emphasized the fact that farm safety is a family affair, involving everyday habits in living, working and playing. "In industry," he said, "there are safety engineers.

On the farm, the entire family must work together to eliminate hazards and forestall careless acts."

St. Mark's W.A.

After a two months' summer recess, the Fall session of St. Mark's W.A., Bonarlaw, opened with a pot luck dinner and the regular meeting at the cottage of Mrs. Burton Woodbeck, Oak Lake.

There were eight members, one visitor and two children present. The meeting opened with a hymn and the Scripture lesson, read by Mrs. E. Heath. Mrs. Barlow graciously extended a welcome to all and thanked Mrs. Woodbeck for her hospitality. Mr. Stewart conducted the devotional exercises.

"Name an ornament in the church" was the roll call and was readily responded to. The treasurer reported that the new kitchen covering, paint and varnish had been paid for.

The Dorcas Secretary has received a nice donation of materials from both Eatons and Simpsons-Sears and Mrs. Barlow has an acknowledgement of a much appreciated bale sent to Waboden.

The church calendars will no longer be handed out at the Deanery annuals, but will be given out at a regional conference. There are to be workshops held, the first to be at St. John's Church, Stirling. The extra-day collection was gathered.

The main subject of discussion was the Diocesan Deanery Annual to be held on October 19th, at St. Mark's Church. Mr. Stewart will make the arrangements re the clergy and the service and the W.A. will be hostess to the delegates and visitors. Mrs. Woodbeck introduced the guest speaker, Mrs. Good, from the Stirling U.C.W. The keynote of her talk was "It Is Good To Be Alive". Her very excellent paper was thoroughly enjoyed.

After a most sincere thanks to Mrs. Good, from Mrs. Heath, on behalf of the W.A., Mrs. Woodbeck put on a couple of contests. A light lunch was served and the meeting closed with the Benediction.

Seven-Tenths of a Second

This is not a pleasant story — Photographed at 1,000 frames a second, motion pictures were made of an automobile striking a tree at 55 miles an hour, a speed most motorists consider "safe".

It's the kind of crash that could happen to anyone. It's the kind that can be prevented.

In the test crash, dummies were used in the car. Their actions provided a vivid frightening picture.

The story below paints that picture of what happens in the split second when the car hits the tree.

Read it aloud for best effect.

One-Tenth of a Second — Front bumper and chrome frosting of grill collapse. Steel silvers penetrate tree one-and-a-half inches.

Two-Tenths of a Second — Hood crumples, rises, smashing into windshield. Spinning rear wheels leave the ground. Grill disintegrates. Fenders come into contact with the tree, forcing parts to splay out over the front door. Driver's body continues

to move forward with a force of 20 times that of gravity. His body now weighs 3,200 pounds. His legs, held straight out, snap at the knees.

Three-Tenths of a Second — Driver's body now off the seat, torso upright. Plastic and steel frame of the steering wheel bend under his death grip. His head is near sun visor, his chest above steering column.

Four-Tenths of a Second — Car's front 24 inches is completely demolished but the rear end is still travelling at 35 m.p.h. The half-ton motor block crumples into the tree. Rear of the car, like a bucking horse, rises high enough to scrape bark off lower branches.

Five-Tenths of a Second — Driver's hands bend steering wheel shaft. Lungs and intercostal arteries are punctured.

Six-Tenths of a Second — Driver's feet are ripped out of laced shoes. The brake pedal shears off at the floor. Chassis bends in the middle. The driver's head smashes into the windshield. Rear of the car begins falling.

Seven-Tenths of a Second — The entire body of the car is forced out of shape. Hinges tear, doors spring open, seat rams forward, pinning driver against steering shaft.

He is dead.

OF MANY THINGS

By Ambrose Hills

It has often been said that most men make their major mistakes in life between the age of 45 and 55. I moved cautiously through that danger period, then waited a couple of years, then made my mistake — I bought a farm. I know exactly as much about farming as my critics say I know about politics and economics. And no doubt some of the farmers who have read my learned comments on farming over the years will be waiting to guffaw joyfully watching what happens to that wiseacre Ambrose Hills now that he must practise instead of preach.

When the young people who bought my writing shop in Winnipeg said they'd distribute the column if I would like to go on writing, I grabbed at the chance. This is a perfect setting from which to preach! Below our little farm in the Fraser Valley stretch the Serpentine Flats, and in the distance, snow-covered, stands Mount Baker, in Washington. Sitting at a card table in our front yard, surveying this pastoral and majestic scene, millions of idealistic themes fight for expression, while in the front pasture the weeds shoot up. Boy, how I could preach from here!

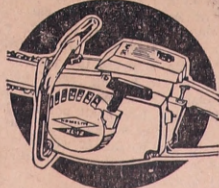

From now on, however, no preaching. Instead, you'll get the confessions of a greenhorn farmer. Fact is, we took the old sign off the gate, here, and we have re-named the place "Greenhorn Farm", and adopted the slogan, "Run by Genuine Greenhorn". Our machinery consists of a lawn mower, a small rototiller, a couple of shovels, hoes, and pitch forks. Our livestock, so far (we've been here less than one month) consists of one cat, Sam, and three horses: Golden Dawn, Midnight and Topper.

What we lack in machinery, livestock and cash, we make up for in ambition and high hopes. The fellow who wrote the book, "Five Acres and Independence" better move overseas if our dreams crash, or some night I'll sneak up on him with my old Winchester! Or shame him with a book I'll call "Ten Acres and Disaster".

One crop has already started to pay off: our health crop. We all have started to eat like horses, laugh more, rise earlier. You've got to get healthy fast or die if you want to be a farmer!

Only the Beginning

"How was the wedding?" asked the preacher's wife.

"It was fine until I asked the bride if she would 'obey' and she said, 'Do you think I'm crazy?' The groom was in sort of a daze and mumbled, 'I do.' That's when things really began to happen," replied the preacher.

Absence Minded?

She (at the bridge-table): "My husband has an excellent memory with the exception that now and then he forgets he's married."

In on the discussion are regular panelists Morley Callaghan (second from left), James Bannerman (second from right) and Ralph Allen. "Now I Ask You," the long-running literary quiz, is broadcast on the CBC radio network every Saturday evening.

River Valley W.I.

On Thursday, September 1st, Mrs. Ross Bush was hostess to the regular meeting of River Valley Women's Institute with twenty members and four visitors in attendance.

Mrs. Glen Bush presided and Mrs. Ernest Carr gave her report and the correspondence included thank you notes and a special letter to the National Convention, which is to be held in Guelph in June, 1967.

Mrs. Sheldon McIntosh gave a detailed account of the expenses for catering to a wedding.

Interesting items were given by Mrs. Vernon Harry, Mrs. Norman Rosebush and Mrs. Jack Bush.

Mrs. Percy MacMullen displayed a card of congratulations received from Abbot's Leigh W.I., with the signatures of most of the members. She also read an airmail letter received from A.C.W.W. stressing the need for pennies. This gave a detailed description of the new mezzanine floor which will be re-conditioned and thus provide good offices for the staff and other necessary facilities.

The cost of furnishings and partitioning of separate rooms will be approximately \$5,600. All donations will be gratefully accepted and should be marked for this special purpose. Mrs. Roy Tucker read an article from "The Countrywoman Magazine", which had been copied from The Stirling News-Argus.

The Pennies for Friendship were gathered and the roll call was an exchange of pickle recipes.

The next meeting will be held on October 6th at the home of Mrs. Roy Tucker and a silent auction for A.C.W.W. will be conducted in November.

Delegate to the Trent Valley Convention, to be held at Peterborough, September 29th and 30th, is the president, Mrs. Glenn Bush, with Mrs. Ernest Carr as alternate.

Programme
Mrs. Roy Tucker convened the programme and read a special poem pertaining to agriculture. Mrs. Alex Bush gave the motto, based on "fore-sight". Mrs. Harry Morrow conducted a sing song of appropriate songs.

A short playette entitled "The Country Fair" was both interesting and humorous. The cast was introduced by Mrs. R. Tucker and were as

follows: Mrs. H. Morrow, Mrs. J. L. Donohoe, Mrs. Vernon Harry, Mrs. Ernest Carr, Mrs. Philip Conley, Mrs. Norman Rosebush, Mrs. Roy Bush, Mrs. Stanley Irvin and Miss Joyce Carr.

A display of aprons and other handiwork was shown and the judge also awarded a humorous first prize for patched overalls.

Happy anniversary was sung for Mrs. Claude Tucker and Mrs. Roy Bush, who were each observing wedding anniversaries that day.

A jumbled word contest on "Industry" closed the programme.

Refreshments were served and a social half hour enjoyed, after which Mrs. Philip Conley voiced thanks to all who had contributed to the success of the afternoon.

Campaign For Funds For Work For Blind

The Canadian National Institute for the Blind, through its Hastings County Advisory Board, is once again appealing to the people of Stirling and district for the funds necessary to carry on its programme of services for the blind and the prevention of blindness in Hastings County. The CNIB is the only organization providing these services and this agency depends upon the generosity of the people of Hastings for the support in funds and as voluntary workers to make its programme possible.

The service programme includes visitation of the blind to discuss problems and discover needs; instruction by the blind Home Teacher in crafts and other skills; adjustment and employment training and job placement; library service of books in Braille and on magnetic tape; residential care in Quinte-St. Lawrence Hall, etc. Trained staff members work closely with the blind and with the members of the local Advisory Board of which Mrs. C. B. Rollins is the member for Stirling.

In addition to its programme for the blind, the CNIB carries on a very active prevention of blindness programme, providing eye examinations and glasses for those who cannot do this for themselves, and especially for the young. Also, necessary treatment is arranged, if such will improve vision, restore sight or prevent further loss of sight. School nurses, teachers and interested people are continually referring such cases to the district CNIB office for such help. When the Hastings County Public Health unit becomes established and staffed it is hoped that this service will be extended and improved.

Mrs. Rollins has announced that the campaign in Stirling and district will be held from September 26th to October 8th. Voluntary canvassers will be calling at the homes and busi-

nesses. It is hoped that the results will be as good or better than last year as the CNIB, like other organizations, is faced with higher costs. Also there has been an increase in the number of blind in the County as well as those being referred for eye examinations and glasses.

They invited everyone to visit them in their new home in Belleville.

"For They Are Jolly Good Fellows" was sung. Lunch was served and a social hour enjoyed.

The date for the official opening of the Centennial Park will be chosen at the October meeting. Owing to the absence of the Secretary and Treasurer, the minutes of the August meeting were given by Mrs. Ellis Jones and the Treasurer's report by Mrs. E. L. Anderson.

After singing the Institute Ode and reciting the Creed, roll call was answered by "changes in the community in the past twenty-five years." The responses were very interesting. High School Students At Stratford

For the thirty-eight students of the local high school who went to Stratford on Saturday, September 17th, the event proved to be surprising in several respects. Seeing a "live" production of Shakespeare's play "Twelfth Night" was an enjoyable experience even though more than one student wondered whether it might be otherwise. Having a front seat, or one of the first four rows from the front, brought the Stirling students practically within touching distance of the actors. And, as if two surprises were not enough on one excursion, the students had the chance at the conclusion of the play to participate in the question and answer period conducted by Christopher Newton, who just before had finished his brilliant portrayal of Orsino.

The Stirling students, twenty-two of whom had studied the play in their English class last Spring, left the High School promptly at 7 a.m. Their bus arrived in Stratford just before noon, and a picnic lunch was enjoyed in the park along the Avon River, near the Festival Theatre. Afterwards, some students fed the swans; others explored the attractive riverside area; but it was soon one-thirty and time to enter the theatre. It was an exhilarating experience to sit in the midst of an audience of over two thousand, the majority of whom were students. Almost everyone in the theatre was dressed in clothes that were attractive and appropriate for the theatre, and the attention given by the students to the performance was commendable. There was plenty of laughter at appropriate times, and the applause was frequent and sometimes lengthy.

Preparations were begun last January for this excursion as all the tickets were reserved. The early planning proved to be worthwhile, and the students who purchased their theatre tickets appreciated the assistance given by the Stirling-Rawdon District High School Board in the provision of the bus. As one student remarked, "I didn't know when we studied it in class that 'Twelfth Night' was such an amusing play." Mr. Wendell Camm and Mr. Allan Albion, of the High School staff, accompanied the students. On their return trip, some were still alert enough to see the meteor that lit up the night sky so brilliantly for a brief time.

Total Enrollment Is 204 — Driver Training Course Is To Be Discussed Further

The September meeting of the Stirling-Rawdon District High School Board was held on Monday, September 19th. Chairman H. A. Morrow presided and was supported by Jas. Johnston, W. J. Morton, Burton Morton and Dr. R. B. Murray.

Secretary G. Gordon Bailey read a letter from Thompson and Rodgers, Barristers, in regards to the Wellman's claim. Mrs. G. W. Bailey wrote thanking the Board for their consideration in purchasing drapes for her classroom. H. C. Martin Insurance submitted a renewal contract for the accident policy for students.

Caretaker Joe Irish reported a pump leaking in the boiler room. He was instructed to make arrangements for repairs to the pump.

Principal's Report

Principal J. L. Lambert in his monthly report to the Board noted that the enrollment was 204.

He was given permission to install a buzzer between the Principal's and secretary's office. An intercom system will also be installed from the gym to the principal's office.

Principal Lambert reported one accident at the school when Judy Donohoe tripped and fractured her wrist in the gymnasium.

A lengthy discussion took place in regards to the driver training course. It was the consensus of the Board that due to considerable additional costs involved the matter should be laid over for future consideration.

To Hold Night School

The Board was in favour of the establishment of a Night School again this year at the school. Principal J. L. Lambert was asked to arrange for the various classes to be offered. It was suggested that registration take place on October 17th. Classes are to run from October 24th to December 5th and January 9th to February 13th. Proposed classes to be offered are: Upholstering, Sewing, Oil Painting, Physical Fitness for Women, Home Entertainment. Several other classes may also be considered if sufficient applications are received.

The New Weir Near Crowe Bridge

Pictured above is the new cement retaining wall, or small dam known as "the weir", on Crowe River, about one-quarter mile downstream from Crowe River Bridge, seven miles north of Campbellford by road. The work was done by H. E. Cooke Construction, of Stirling. Financing will be jointly borne by the Crowe River Conservation Authority, Province of Ontario and Seymour Township.

The old structure was breached by Spring floods and Father Time, and became useless in recent times. It has been largely removed by construction men. The new weir, which is located about fifty feet upstream from the old, serves three important purposes: It is useful as a conservation measure; it provides a seemingly perfect shallow pool for outdoor bathing, especially for children, in the summer months after the Spring flood period has subsided; thirdly, although the new weir does not appear to dam back the water to the same depth as the former one, it restores a lovely reservoir in a picturesque natural setting of peaceful rustic charm.

The weir, intended to be completed last Fall, was delayed by autumn rains and a sudden rise in the water levels last October. Work could not be resumed until the summer's heat and drought brought a return to low water levels this year.

Mr. Carleton Rowe, Seymour township's representative on the Crowe River Conservation Authority, who resides near the site, worked untiringly and successfully towards the restoration of the weir after its destruction by time. The photo shows the just reward for his efforts, and of many others who co-operated.

St. Paul's U.C.W. Unit Two

The September meeting of St.
Paul's U.C.W., Unit Two was held at
the church on Tuesday evening,
September 20th, at 8.15 p.m., with
Mrs. Fred Bateman as hostess.

Mrs. Tucker opened the meeting

with all the ladies repeating "Our
Purpose". The devotional was open-
ed with Mrs. Lawes playing soft
music at the piano. The theme was
"Co-Operation". Scripture was read
from 1 Corinthians, chapter 12, ver-
ses 12-31.

The hymn "Onward Christian Sol-
diers", was sung. This was followed
by the meditation for which Mrs.
Tucker had selected a series of short
stories, showing how we must have
unity and co-operation for strength
needed to accomplish the necessary
things.

The offering was gathered and
dedicated. "The Church's One Found-
ation" was sung. The devotional

closed with prayer by Mrs. Tucker.
The roll call showed ten ladies pre-
sent. Mrs. Richardson reported three
calls to sick and shut-ins.

Mrs. Peggy Faulkner opened the
next part of the meeting with an in-
roduction to the new Study Book,
"The Church and the World". John,
chapter 17, verses 11, 20 and 21 were
read by each lady and a discussion
period followed.

The meeting closed with the Bene-
diction. Mrs. Lawes conducted a
musical contest after which lunch
was served by the committee in
charge and a social half hour enjoy-
ed.

Medical Advice Unheeded

Medical men in Chicago have come
up with a method to reduce deaths in
car accidents. They advise people to

stay out of cars on holidays. Un-
fortunately, the American medical
men will have as much success with
this advice as they had in advising
people to stop smoking cigarettes.

St. Paul's U.C.W. Unit Four

A splendid attendance was most encouraging for those in charge of the first meeting of Fall, of St. Paul's U.C.W. Unit Four, held in the church parlour, Tuesday, September 20th.

Mrs. H. Donnan, presiding for the afternoon, welcomed the members, opening with the theme hymn. In her opening prayer, she gave this thought: "Count your blessings. Take a little time each day, to count your blessings and pray". The leaders absent because of illness, were specially remembered.

Business

Mrs. V. Richardson gave the Secretary's report and Mrs. J. B. Hough, the treasurer's. The ladies were reminded of the I.O.D.E. Banquet for which they are to cater. Church visitors from Unit Four for October are Mrs. S. Williams and Miss L. Williams. Mrs. Donnan reminded all that they should soon have their aprons ready with donations in lieu of the annual Fall bazaar; also that another bale will be packed the last of November.

Invitations were received from Marsh Hill to attend their tea and bazaar, and from Bethel to attend their Coffee Party, both events taking place the last week of September.

Mrs. D. Luery read a letter from Miss Muriel Stephenson, who returned as missionary to India this Autumn. After study while on furlough, she was ordained in June and will specialize in evangelistic work and teaching of music. She asked for the continued prayerful support of our women.

A request was made for someone to act as chairman for October meeting.

Worship

The meeting was placed in charge of Mrs. N. Flindall, the leader for the month, and her assistants, to conduct the worship service. The Twenty-Third psalm was repeated in unison and comments on it were made by Mrs. Ross Bush, stressing God's care for His children. Mrs. C. Clancy, hostess for the day, offered prayer. Hymns used were No. 37 and 298 with Mrs. H. West as pianist. Offering was gathered by Mrs. H. Waite and Mrs. C. Clancy.

Study

Mrs. M. Aythart, in her usual capable manner, presented the Mission

study from the book, "The Church Grows in Canada". This book describes the variegated pattern of the church and community life in the early beginnings of this land of ours, Canada. The book is divided into four sections, the first of which Mrs. Aythart dealt with, namely, "The Church in Early Canada—It's Beginning and Growth".

This study is most timely, since we soon mark our first hundred years as a nation and here we get the opportunity of learning what the church has contributed and its growth and place in Canadian life. The Voice of God, coming in various ways to our forefathers, has not been silent in the growth of this great land.

As the 18th century drew near, continual political and religious struggle for supremacy showed that Britain and France were headed toward a fight to the finish for control of this new land. French settlers were avid seekers of fur and from the St. Lawrence spread their posts too far and too thin. New France began as a predominantly Roman Catholic colony.

New England began as a stronghold of Protestant Dissenters, seeking liberty of conscience and worship. They steered mostly along the Atlantic coast from the Maritimes to Florida and were more interested in thrift and building up industry.

Protestants and Roman Catholics were compelled, because of three natural enemies, to co-operate. These were: hunger, cold and savages. Mrs. Aythart traced the history of Canada from the time of Jacques Cartier's arrival in 1534. The evolution of New France through stages of exploration, exploitation and missionary effort is manifest in the career of Samuel de Champlain, soldier, navigator, explorer and diplomat. He was the first to stress the conversion of the poor, backward people to the knowledge of God.

From our school books, we remember the stories of the founding of the Jesuit Order and their Mission to the Hurons, and its ultimate failure and massacre of their priests. The Indian tribes were continually at war, and moving from one area to another and then, too, there was a lack of money and leaders for Missionary work. To this was added the great handicap, namely liquor to the Indians in return for furs. French brandy and English rum vied with each other as symbols of European acquisitiveness.

Names of John Cabot, Frobenius, Sir Humphrey Gilbert are linked with the story of settling of Newfoundland and Acadia. Newfoundland got its first Anglican church as early as the year 1701. The Hudson Bay Company brought in clergymen and after the conquest of New France, the first Anglican service was held in Montreal in September, 1760.

St. Paul's the oldest Anglican Church in Canada, is still standing. The name Huguenot was given to the early French Protestants in Canada.

The next section of the book deals with the growth of the Protestant churches. This is a thrilling book

and is well worth individual study. Mrs. H. David voiced thanks and tea was served.

SMUT IN CORN

IN 1966

There is an increasing number of reports reaching the office in Stirling concerning smut in the corn crop. Jack Hagarty, the Soil and Crop Specialist for the Quinte area, reports that this condition is quite prevalent. The cause of this smut development can be attributed to unsettled weather conditions of the summer of 1966. The hot dry period of the summer occurred just when smut infection was at its most prevalent stage. At the same time, due to the hot weather, most of our corn was just barely surviving. Under this weakened condition, the smut infection spread rapidly.

As far as we know at the present time there will be no detrimental effect from putting this smut infected corn into the silo. Smut is a fungus, not a mould. As far as is known, fungus growth will not affect cattle feed. Also, as far as is known, as a fungus it should have no detrimental effect in the making of good silage. There is no economic way to control this at the present time. It would add too much to the cost of

production of corn to try to spray for control during the growing season. In areas of high fertility where the corn can better combat poor weather conditions, there seems to be less smut infection and less damage. This observation is made on an area basis.

Highlands of Hastings Tourist Association

The regular monthly meeting of Highlands of Hastings Tourist Association was held in Council Chambers, Stirling, H. W. Rose, President reported that the booth at Belleville Fair was a great success, and a special vote of thanks was moved to Mr. Ted Turner, Frankford, for his assistance in the booth.

A committee was formed to organize the Public Relations dinner meeting, to be held on November 30th at Blues Hotel, Madoc.

Mr. N. Sprague, General Manager, reported on memberships and a motion was passed to increase 1967 membership \$5.00 on each scale. Mr. and Mrs. Bruce Hopper, of Bay Lake, informed the meeting that they were forming a Hunt Club for people who were not in a hunting gang.

The next meeting is to be held in Stirling on October 14th.

MR. AND JAMES ALBERT ROGERS

Rogers -- Harding Wedding

St. John's Anglican Church, Stirling, was the scene of the wedding of Mildred Louise Harding and James Albert Rogers. The ceremony was held on Saturday, August 27th, with Rev. F. F. Downing officiating.

The bride is the daughter of Mr. and Mrs. Frank Harding, Mill St., Stirling, and the groom is the son of Mr. and Mrs. Fred Rogers, Sault Ste. Marie.

The church was decorated with multi-coloured gladioli and the wedding music was played by Miss Margaret Burkensteen, Toronto. The soloist was Mrs. David Buckler, Windsor.

Given in marriage by her father, the bride wore a floor length white crepe gown with a lace bodice and sleeves. A panel train, floor-length, enhanced the gown. She wore a shoulder length veil topped with a seeded pearl crown. She carried a white Bible with red roses and fern.

The matron of honour, Mrs. Richard Poste, sister of the bride and the bridesmaid, Miss Lynne Meurison, Toronto, were dressed alike in turquoise blue satin gowns with

double panels. They wore matching wedding ring headpieces and carried white 'mums and red carnations.

The groom was attended by Ronald Sauchuck, Toronto, while the ushers were Garry Blakely and Wally Harding.

The reception was held in the church hall where the bride's mother received the guests. She wore a copen blue dress, matching hat, black accessories and a corsage of tinted blue 'mums. The groom's mother assisted, wearing a beige jersey dress suit, matching accessories and a bronze 'mum corsage.

For a wedding trip to Toronto and Sault Ste. Marie, the bride wore a double knit dress in green, black accessories and a corsage of orchids. On their return they will take up residence in Glasgow, Scotland, for three years, where Mr. Rogers will attend university to obtain his pharmacist degree.

Out-of-town guests were from Ottawa, Sault Ste. Marie, Toronto, Belleville, England, Windsor and Montreal.

Madoc Detachment
O.P.P. Report

Week of September 19th

Six persons were injured in four of seven traffic accidents investigated by officers of the Madoc Detachment during the past week.

Gerald Blakely, of Belleville, and John Rombough, of Foxboro, received minor lacerations on Monday, September 12th, when the car in which they were riding went out of control on County Road No. 2 in Elzevir Township. The driver of the car, Ronald McWilliams, of Corbyville, was uninjured.

On Saturday, September 17th, Maurice Goulah and Richard Courneya, both of Tweed, were fortunate to receive only minor facial lacerations when the vehicles in which they were riding met head-on on a narrow Hungerford Twp. road. Both vehicles sustained extensive damage.

On Monday, September 12th, five officers from this detachment travelled to Bancroft to attend the funeral of a fellow Provincial Police Officer, 43-year-old Constable Lynn Phillips, of the Bancroft Detachment. Constable Phillips died of a heart attack early Saturday, September 10th, in his home. Formerly of Madoc, he leaves a wife and five children.

Detachment officers investigated twenty-six occurrences during the week, two thefts, one report of breaking and entering, three complaints of disturbances, ranging from a rabid muskrat chasing a citizen around the streets of Madoc to an injury received by one, John Nickerson, of Toronto. Mr. Nickerson had been attempting to hitch a ride to Ottawa, became cold and wandered into the woods off Highway No. 7 and lit a fire to warm himself. As he was looking for more firewood in the dark, he fell off a rock cut, 10-15 feet high, injuring his leg and back.

A total of 64 vehicles were checked during the week; 44 drivers were warned for violating traffic laws and 18 others were charged.

Detachment officers worked a total of 450 hours and logged 5,617 miles on detachment roads.

Week of September 19th

On Monday night, September 19th, Prov. Const. Ralph Lawrenson, of Madoc Detachment O.P.P., was patrolling Highway 7 east of Madoc when he noticed a car with a local licence plate being driven by a youth he had seen earlier in the evening attempting to hitch a ride in the Marmora area. The vehicle was stopped and found to have been stolen in the Village of Madoc, being the property of George Graham, of Cooper, Pierre Couvrette, age 17, and Michel LaFleur, age 15, both of no fixed address, were arrested for car theft and are at present in the Hastings County Jail, awaiting trial.

On September 18th, 1966, George Thompson, of Dicky Lake, reported that his cottage had been broken into and two rifles stolen. On September 19th, after an intensive investigation, and with the co-operation of both Trenton and Metro Toronto Police Departments, Provincial Constables Floyd Shanks and Don Walton, of Madoc Detachment, arrested and charged Garry Ross Cassibo, age 18, and Wayne Curie, age 17, both of Trenton, Ont., with break, enter and theft. Both are in Hastings County Jail awaiting trial. The rifles were recovered.

During the past week, detachment officers also investigated nine traffic accidents. Only one, however, involved personal injuries.

On Sunday, September 18th, Mrs. Margaret Meiklejohn, age 85, and Mrs. Grace McKeown, age 84, both of Spring Brook, were walking across Highway No. 14, at Spring Brook, Ont., when they were grazed by a vehicle driven by Kenneth Hum, of Oshawa, Ont., and knocked to the pavement. Mrs. Meiklejohn suffered a fracture of the left leg and Mrs. McKeown suffered a bruise to the right knee.

A total of 22 vehicles were checked during the week; 12 drivers were warned and 12 charged with traffic

violations.

Detachment officers investigated three reports of theft; three instances of breaking and entering; four disturbances; and sixteen other occurrences.

A total of 535 man hours were worked and 6,329 miles logged on detachment roads.
